

# ROLLEI RCS CITRO STOP

Rollei RCS Citro Stop is a low-odor universal stop bath based on citric acid with an activity indicator. In case of exhaustion or contamination, the light pink color (appears colorless in darkroom light) changes to magenta (appears dark in darkroom light). This allows you to control the activity of the indicator stop bath easily and reliably.

### Dilution 1 + 19:

950ml water + 50ml RCS = 1l working solution  
temp. 20°C / 68°F | Agitation: 30 sec.

### AVAILABLE SIZES

### Stopping Time

PE/RC paper	1 min.
